

FINAL PLANS FOR EASTMOOR GRADING ADOPTED AT FIERY COUNCIL MEETING

Hospital Must Be First Rate, Doctors Opine

"The doctors feel there is a need for a hospital in North San Mateo county and if there is going to be a hospital it must be a first rate one," declared David Friedenberg, legal counsel of the physicians.

Open discussion at the Westlake Improvement Assn. clubhouse last Tuesday brought out varied opinions from the 40 attending doctors of the Physicians Hospital Committee. Friedenberg said the doctors are going to explore all the various aspects of financing, location and type of hospital.

In order to do this, two committees, planning and liaison, were set up to bring back information at the next meeting, approximately a month from today.

The planning committee is composed of chairman Edward E. Weinfield, Wiley H. Billingsley, Harold P. Torkelson, John L. Zucca, William Treize, J. Gwynne Wilson, Bertram C. Solomon and George J. L. Riva. The liaison committee is made up of Nate Chalmers, Emery Ranker, Melton J. Zibel and Charles C. Weill. All the men are doctors.

The planning committee will look into possible site locations, means of financing, type of hospital (whether it be a district, proprietary or non-profit hospital), and a contact land owners.

Liaison committee members will see other organized groups and will contact the various groups that may be interested in the project.

"Minds are open for suggestion," Friedenberg stated, adding, "We will explore all the various possibilities. The committee will work with all interested groups. We are not competing against them but want to work with them."

The attorney gave an indication of the doctors' interest in the hospital by commenting

that 90 per cent of those invited attended the meeting.

Doctors from South San Francisco and Pacifica voiced opinions that "a more centrally located" hospital would be of greater benefit than one located in the north end of San Mateo county.

JUHSD To Study Insurance Rates

Jefferson High School District trustees heard a quotation which was submitted by Errol Dillon, Farmers Insurance Group, last Monday and will look into the feasibility of changing from the North San Mateo County Insurance Association, agent Peter Markovich, to Farmer's policy.

Superintendent Ed Morgan is in charge of the study. Morgan stated, "The district is currently paying \$9400 for fire and extended insurance with general liability, and Dillon's quotation was \$300 to \$400 cheaper."

"But there are many variables to be considered. The district also desires good service and we have had that through our association with Markovich," he said.

Morgan declared that Dillon's proposal cannot be considered if the board continues the policy of awarding the district's insurance to only fully accredited stock companies and members of the North San Mateo County Insurance Agent's Association.

The board also: Signed a new five year contract with Henry Doelger for the use of the central administration office; heard of Morgan's trip to Sacramento on July 22 and that the Oceana bid will go before the allocations board on August 11.

Morgan said that it was the first time in seven years that board Chairman Elio Fontana had missed a meeting.

Besides the public hearing on the budget this coming Monday night, Morgan said the grading bids for the Terra Nova High School project would be awarded. Dr. John Ivan, director of instruction, John Morgan and Glenn South, principals of Jefferson and Westmoor, will submit a course of study for the year.

Council Agrees With Church For Parking Lot Space

City Manager George Watts said the Northridge and Palisades Park sites would cost the city \$35,000, after the council agreed to share parking facilities for the playground with the Emmanuel Church of Evangelical Association Monday night.

The Northridge Park site is north of Highland street and is next to the church. The church will have access to parking in the 130 car stalls on Sundays and the public will have its use on weekdays.

Watts said the city will spend \$2500 for putting in black top to accommodate 48 autos. Thus far, \$8000 has been expended toward the two park sites.

"The turfed area of the two acre Northridge Park should be placed at the site within 60 days, though the children's swings and playground portion of the playground is already in use," Watts stated.

Watts said the city will spend \$2500 for putting in black top to accommodate 48 autos. Thus far, \$8000 has been expended toward the two park sites.

Watts said the city will spend \$2500 for putting in black top to accommodate 48 autos. Thus far, \$8000 has been expended toward the two park sites.

Watts said the city will spend \$2500 for putting in black top to accommodate 48 autos. Thus far, \$8000 has been expended toward the two park sites.

ELAINE FRENCH, Miss South San Francisco and Fiesta Dream Girl, returned from her all expense paid trip from Hawaii Tuesday. She will be at the San Mateo Fair and Floral Fiesta activities from Friday to August 8.

THE RECORD photo

Fiesta Dream Girl Bids Hawaii Aloha

By Lou Lucia

She lived on the morning-side of the mountain...

Elaine French, San Mateo Fiesta Dream Girl who lives at 1156 Morningside drive, South San Francisco, returned from her contest-winning trip to Hawaii Tuesday with the same smile that captivated judges at the fairgrounds building.

Miss French met Governor Quinn of Hawaii and toured local establishments there for five days.

The 18-year-old blonde will be the hostess at the San Mateo Fair and Floral Fiesta and then will sign registration slips at the University of California where she hopes to become an outstanding linguist. She hopes to add German, Russian, French and Spanish to her knowledge of Latin and "Memphian accent" English.

If her past record in high school is any indication the hazel-eyed South San Francisco graduate will realize her ambition of being a linguist for the state department. "I would like to get into this type of work so that I could travel and meet people," she commented.

Miss French has been an honor student in high school and won blue medal honors in the Daughters of the American Revolution history contest. She

also received a Magna Cum Laude in Latin by placing among the first five students entered throughout Western Tennessee.

At South San Francisco she was student body secretary and held office as a member of the student council while being at the latter school for only one year.

Since Elaine won the Dream Girl award her picture has appeared in the Memphis Commercial Appeal newspaper and many of her friends in that city have written to her about it. "They are almost as excited about it as I am," she confided.

While her brother, Millard, 19, attends the University of California as a sophomore pre-medical student and her mother works, Elaine takes care of sister Ellen, 6, does housework and cooks dinner.

Miss French designs and makes her own clothes as a hobby along with playing the Hi-Fi set and reading books. She also painted a mural in Memphis which netted her \$50. Elaine entered the Miss South San Francisco beauty contest "because I just thought it would be fun; I never dreamed of winning." She went on to become Fiesta Dream Girl and will compete for the title of "Maid of California" at the Sacramento State Fair.

Schools' Budget Hearings Mon.

Public hearing will be held next Monday night by Jefferson Elementary District and Jefferson High School District on their new fiscal budgets.

The high school hearing will start at 9 p.m. at 375 South Mayfair avenue, room 214, and the elementary district session is scheduled for 8 p.m. at 48 Park Plaza drive, room 214, also in Westlake Shopping Center.

Supt. Ed Morgan said the high school budget is set for \$2,739,814, including undistributed and general reserves, compared to \$2,531,264 last fiscal year.

Morgan said the \$208,550 difference is accounted for by the salary increase of teachers. The average daily attendance last year was 2722 but Morgan figures on the basis of 3026 pupils per day this coming year.

Ten new teachers must be hired.

The tax rate proposed is the same as last year, \$1.44, which includes five cents Civic Center tax and four cents retirement tax.

Supt. Richard Foster said the elementary budget calls for \$3,103,876 this year, including reserves, as compared to \$2,476,625 actual expenditures last year. The difference is 627,251. Like Morgan, Foster stated the increase is due in the jump from increased enrollment, to 7500 from 6450, and new teachers which must be hired, along with the salary raises.

The more than a 1000 new students will require 30 additional teachers, Foster said. The operating tax is set for \$2.13 as compared to the \$2.05 of last year.

DC Scavengers Ask 20 Cent Increase

Al Sereni, president of the Daly City Scavenger's Company, Monday night asked the City Council to discuss a possible raise of 20 cents to \$1.30

because his company has the lowest rate of any of the surrounding communities.

City Attorney Paul Hupf stated that under no circumstances should a rate adjustment be granted merely because the charges are less than the other cities. The material presented must be based on material other than rates alone, he said.

Exposure Count Jails DC Man

Eusebio Lopez, 29-year-old Daly City resident, pleaded guilty in municipal court Tuesday to indecent exposure.

Lopez, 483 Heathcliff, was arrested in Westlake Shopping Center on July 1, after police said he was exposing himself from his car.

Lopez was sentenced to three months in the county jail, suspended on condition that he pay a \$100 fine and be placed on probation for one year. The judge also recommended that he receive psychiatric care during his probation period.

In other municipal court action Tuesday:

William Drobshoff, 1131 Hanover, was found not guilty on

A committee composed of councilmen Bob St. Clair and Michael DeBernardi, Hupf, city manager George Watts and public works director Otis Calhoun, was set up to meet with the Scavenger company president and attorney.

Sereni's company has held the city garbage contract the past eight years and has a 20-year land lease of operating fill and cover dump site at Mussel Rock. At the end of this time the site reverts to the city.

Five co-partners and employees are being represented by Attorney Bob Hunter for the 20-cent increase. The Scavenger Company serves 14,000 homes in Daly City and Broadmoor, and received a 10-cent increase in rates last year.

RIFLE BANDIT ARRAIGNED IN MUNI COURT

Washington R. Guerens, alias Jorge Pellegrino, was arraigned in Superior Court Tuesday after a sawed-off rifle was found in the back of the car he had rented.

Cab driver Frederick M. Wolfe, 26, of 1115 Escalero drive, Pacifica, positively identified the man as the person who held him up in the Spotlite Market parking area last Tuesday, said Assistant Police Chief Roy McLaren.

Guerens was first suspected at the Hertz Company's office near the San Francisco airport. Guerens had rented two cars at the same time and this is against the company's policy, so he was asked to turn one car in.

A Hertz worker was cleaning out the car when he noticed the rifle in the trunk. He notified the San Mateo County sheriff's office. Guerens was arrested at the Normand Hotel, 405 Cypress avenue, South San Francisco.

The 20-year-old native of Uruguay was arraigned for robbery by Daly City police and illegal possession of the rifle by the sheriff's office.

Playing Children Accidentally Set \$25,000 Blaze

Seven Brisbane children "playing theater" in the Brisbane theater on Visitation avenue razed the roof Tuesday by accidentally knocking a candle against a stage curtain.

None of the youngsters were injured though one eight-year-old girl had her hair singed. Acting fire chief Wesley Smith estimated the damage at \$25,000.

The theater was too dark for the children to see so they returned home and got candles which were used as lights. When the curtain caught on fire the children tried to put out the fire themselves. When it got out of control the children forced the front door and yelled for help.

CALLAN MUST GIVE DOCUMENTS TO CLEAR TITLE BY AUGUST 19

Completion of the Eastmoor grading, which has been "hanging in the fire" for three months, took a huge step forward Monday night as City Councilmen told contractor Thomas J. Callan that documents to convey clear title to the city must be in their hands by August 10, the next regular meeting.

The councilmen said if the deeds are not turned over to the city they would reconsider the previous zoning of Callan's property. His property was zoned as commercial property and if the council decides to rezone it, as for instance, residential, his land value would dip.

The Council adopted City

Engineer Otis Calhoun's proposed grading though Callan had been set against it from the start.

In essence, to stop the grading from "hanging in the fire," the council placed straw under Callan and struck a match.

The heated discussion among councilmen, Callan, George McKeon of the Zita Corporation, Mrs. Michael Amoros, 110 Mirada drive, St. Francis Heights, and Mrs. Staub, 388 Eastmoor drive, last for two hours.

The main controversy between Callan and councilmen comes from the fact that Calhoun's adopted grading, according to Callan, "would not allow us to be able to drive onto our own property as a 10 foot wall will be along all of our property."

City Manager George Watts relied, "Some shopping areas have walls much higher than that. Stonestown's, for instance, is about 20 feet high."

Calhoun's map shows a low grading of one per cent and a high grading of 6 per cent. Callan had asked that the road be continued at a seven and one half per cent grade until it rise upon his alternate.

The council instructed McKeon and Callan to draw up plans for the grading. At one point, McKeon offered to build his half of the road. Councilmen spoke out as if in voice, "What can the city do with half a road?"

Mrs. Staub and Mrs. Amoros told the council they were no longer any further along than they were two months ago. This immediately drew a reply from Councilman St. Clair saying, "I drive over the road each day and we have had many sessions regarding it, sometimes lasting until early in the morning. Two months ago the meetings had to do with the alignment; we are now clearing up the grading."

Tuesday morning, Watts said, "Regardless of whether a two and one half per cent grade or seven and one half per cent grade were decided on, Callan would still have to grade his property."

The Edgemar road has been a center for controversy for the past two years, although only in the past three months has the realignment of Eastmoor (old Edgemar) been in the final stages.

Westmoor Student Captured In Fence To Fence Chase

A 15-year-old Westmoor High student from Pacifica was taken into custody at 2:15 a.m. Tuesday after he had broken into Reno's Shell Service, 605 Skyline drive.

The boy broke a window to gain entrance, opened desk drawers and threw money sacks and papers about. He had just pried open a cabinet containing cigarettes and spark plugs when he was surprised by the police.

He got out of the station and jumped a seven foot fence and then ran along other fences to get away from police. Officer Ralph Warren radioed for assistance.

The boy hid in back of a house four doors south of the station before Officer Jerry Wetmore arrived on the scene. Then the boy jumped another fence. Warren looked over the fence and the boy was directly under him.

He was taken to Hillcrest juvenile detention home. Reno Gemignani, 150 North Mayfair avenue, was notified of the entrance to his service station.

PRESENTING fuchsia display at San Mateo County Fair will be Daly City's Mrs. Dora Kusber, 60 Werner avenue, shown

vacancy left by the resignation of Milton Reiterman, 294 Wilshire avenue, who joined the commission less than a month ago.

Councilman Micheal DeBernardi said he had sent a letter to Desmond Epidendio, 25 Florence street, asking for his resignation from the Recreation Commission and no answer had been received. DeBernardi said Epidendio, to his knowledge, had never attended a meeting in the year's time he has been on the commission.

The council vacated his post. The council also voted to send letters to all commissioners stating that if they missed three consecutive meetings they would be replaced.

In other business, the council granted use permits to the following: Anita Lopez, for the installation of a coin-operated laundrette on property at 7375 Mission street; Gerald E. Gruenwald and Leon Beristons for a service station—

Exposure Count Jails DC Man

(Continued from Page 1)
a charge of being drunk in an auto on June 12.

William Rose, charged with assault and battery on his wife, had complaint against him dismissed, as Mrs. Rose, 6925 Mission, failed to appear.

Gladys Morris, 27 Crestmoor, San Bruno, was convicted on a charge of petty theft, brought against her by Dan Goodwin, Daly City roofer on April 1. Mrs. Morris was sentenced to six months in the county jail.

"Leon and Jerry's Service"—at 6831 Mission street;

Francis P. Pacelli and Bernard Lycett, "Paly Stationers," 6760 Mission street; Ella Wyndom, "Patsy's" restaurant, at 6005 Mission street; Helen Sievers, "Helen's Donut Shop," at 6167 Mission street; Morris Wiener, "Serra Ski Shop" 2123 Junipero Serra boulevard; Abby and Paul Betschowa, "Abby's Pet Shop," 2369 Junipero Serra boulevard; and Gus P. Panos and Jesse J. Goodin, "Volume Auto Sales," 7101 Mission street.

10 Pacificans Are Red Cross First Aid Grads

The new and hustling city of Pacifica has scored another first. A class of ten Red Cross first aid instructors was graduated and awarded certificates last week in ceremonies at Pacifica City Hall.

Nine of the ten are registered nurses. The tenth is Edward Girdler, captain of training for the local fire department. As far as can be learned, this is the first time a class composed almost entirely of registered nurses has been conducted, at least in San Mateo county.

Red Cross volunteer instructor-trainers for the course in standard, advanced and instructor techniques were Joseph Aliamus of the PG&E, and Tom Noonan of the Pacific Telephone Company.

All graduates are now equipped with necessary qualifications to teach first aid for the Golden Gate Chapter and will instruct classes locally as fast as they are organized, officials said. Girdler will train fire department personnel in first aid techniques.

Mayor Jean Fassler of Pacifica was present and congratulated the graduates who were, in addition to Girdler, Margaret McDonagh, Mary Lou Kirin, Rosalind Ramirez, V. Alquist, Jane Vaughan, Doris H. Anderson, Yvonne Hall, Dianne Cristich and Frances Larson.

Four of which were suspended, and a \$250 fine.

Patricia Henderson, 140 De Soto way, San Bruno, pleaded not guilty to a charge of grand theft and appeared for preliminary hearing. Mrs. Henderson is alleged to have taken money from Pappas Bros. Nursery on Junipero Serra boulevard during the period she was employed as bookkeeper by the firm between January, 1958, and February, 1959.

State American Legion Leaders To Convene In Redwood City

The Department of California of the American Legion will convene its first executive committee meeting of the year at Redwood City on August 8 and 9.

Hosting the meeting will be all 19 Posts of San Mateo County which comprise the 26th District of the department. District Commander Harry Stanley of San Carlos is in charge of arrangements for this executive committee meeting which will be the first to be held in San Mateo County in several years.

C. S. "Steve" Foote, department commander, who was elected at the recent state convention in Hollywood, will preside over the proceedings, which will consist primarily of planning and programming for the ensuing year. Notification of the call for the meet has been given to over 1100 Legionnaires throughout California and it is expected that several hundred will attend in their capacity of state officers and as members of state commissions and committees.

Registration headquarters will be established and the executive committee meetings will be held at the Redwood City Post 105 hall, with commission and committee meetings conducted at the home of San Carlos Post 585.

County officials and city officials from the various cities of the county will be introduced to the visitors and the newly elected officers of the 26th District who will be installed on Friday, August 7. District Commander Fred Barraco, San Bruno; First Vice Commander Richard Smith, Redwood City; Second Vice Commander Dom Courtemanche, Pacifica, and Third Vice Commander Dorothy Conroy, Pacifica, will welcome visiting Legionnaires and their guests.

Arrangements have been made to entertain not only visiting Legionnaires but also their wives and families during their stay in San Mateo County. Chairman Stanley has advised that all members of the Legion are invited to the meetings and other functions which will be provided during Saturday and Sunday, August 8 and 9.

THE BEST DRIVERS

The qualities that make great tennis players or golfers—concentration and control—also make the best drivers, says the California State Automobile Association. A good driver never lets his attention wander and always has the control needed to stop or turn safely.

KEEP MOVING

You may be a menace and a nuisance if you drive slowly on a freeway and hold up traffic, says the California State Automobile Association. The "slowpoke" motorist often creates a dangerous bottleneck by forcing other drivers to weave in and out in passing him. If you want to drive along leisurely, choose a less-traveled road. On freeways, keep pace with traffic.

NEW MEXICO SCHOOLS

Public schools were established in New Mexico by Spanish royal decree in 1721, according to the National Automobile Club.

Salvation Army Needs Discards For SF Center

Summer is often the time for the family to clear out and fix over.

The Salvation Army Red Shield Service is ready to help. Household discards provide the necessary material to maintain the rehabilitation program of the Men's Social Service Center.

A complete in-residence rehabilitation program at 3550 Army street is maintained through the processing and sale of discards. Men are given long term care for the problems of alcoholism, emotional disturbances, and physical handicaps. Complete medical and psychological services are available for every man in the program.

The Center's Rehabilitation facilities and services are open to residents of San Francisco and San Mateo counties, who may apply in person, at 1500 Valencia street.

Items especially needed at this time are repairable furniture, mattresses, and clothing. A call to your local Salvation Army Red Shield Pick Up Service will bring a truck to your home the following day.

Ralph Mallett Of DC Awarded 'Cross Of Honor'

Ralph Lawrence Mallett, of 1619 Sweetwood drive, Daly City, has been awarded the designation of Knight of the York Cross of Honour, it was reported today.

This honorary degree, highest in the York Rite of Freemasonry, is conferred only on those who have held the highest office in each of the four bodies of the rite. Mallett becomes the 7462nd to have received this award in the past 29 years in North America, although there are four million members of the fraternity.

Mallett served as Master of Crockett Lodge of Masons in 1942; High Priest of Golden Gate Chapter, Royal Arch Masons in 1949; Master of California Council, Royal and Select Masters, in 1958, and commander of San Francisco Commandery, Knights Templar, in 1951.

He was elected to membership in San Francisco Priory and his election confirmed by Convention General of the Order on July 18. A certificate of membership has been mailed to him. Mallett is Grand Representative of the Grand Commandery of California to Montana.

There are fifty-eight Priories of the Order in North America with a present membership of 5500.

Pharmacists At Walgreens 'Up To Date'

George Jeffers, manager of Walgreens new Westlake Shopping Center self-service drug store, became a registered pharmacist ten years ago but he's still going to school.

In fact, you'll often find Walgreens' pharmacists poring over pharmacy journals as diligently as any college student.

"Good pharmacists never quite graduate," explains Jeffers. "Medical science is constantly progressing and we have to keep step by keeping informed on all new drugs and pharmaceutical advances."

"Take one of the latest—Stelazine—a new chemotherapeutic just released to the medical profession. As pharmacists we must learn all about this and each new drug... its characteristics, its chemical reactions, the way to dissolve it, to mix it, to store it."

"How often do new drugs come out? Almost daily. More than half of the drugs regularly prescribed today were unheard of 10 years ago."

To help Jeffers and his professional colleagues keep up-to-the-minute in their profession, numerous informative bulletins and professional reports are sent to them regularly by their firm.

"Every four seconds somewhere in the U. S. a Walgreen pharmacist receives a prescription for compounding," pointed out Manager Jeffers.

"It happens well over 12,000 times a day across the nation." "And when you know," he added, "that each one of those prescriptions represents an individual who is placing his trust in you, it gives you a real feeling of pride in your profession."

Safety Committee Minutes Given

A summary of the minutes of the safety committee meeting of July 21 showed the following:

Reviewed minutes from last meeting and Mr. Brown read memo from Mr. Calhoun which stated all hazardous situations in the Department of Public Works, as found by the inspection committee, had been corrected.

Discussed report submitted by the inspection committee June 26, 1959, in which they reported checking the parks and everything was found in a safe condition except for the following: Community Center—no hazardous conditions found. Marchbanks Park—no hazardous conditions found. Westlake Park—no hazardous conditions found.

Checked the two new park sites in the Palisades—no hazardous conditions except for the following: The dump lever on the dump truck that was hauling to one of the new park sites is unsafe. When the lever is in dumping position it extends beside the driver's door and there is a possibility the driver could be injured if he opens the door to watch the load coming down. Mr. Calhoun will check the dump lever of truck reported in unsafe condition, and submit report to this committee.

Reviewed injury accidents reported to the committee since the last meeting. There was much discussion on the injury accidents and it was determined that none of these accidents were due to hazardous conditions. However, some may be due to carelessness on the part of the employee.

A recommendation was made that the blue copy of the supervisor's report of accident be forwarded to P. Brown along with the white original and this blue copy will be filed in the employee's personnel jacket. These files will be reviewed periodically and in the event an employee has been involved in numerous accidents he will be called to appear before the committee. The copies of injury reports will be made a definite part of the personnel jacket.

There was much discussion regarding disciplinary action. It was felt that an employee that was slightly injured may not report the injury if he thought he would be disciplined. It was also suggested that, if an employee is not seriously injured, he be given light duty rather than time off due to the injury. Both these items will have to be reviewed further and worked out.

The committee reviewed the auto accidents reported since the last meeting. A recommendation was made that the committee be notified by the finance department if insurance company reimburses the city for any damages to city vehicles so that the employee will not be held responsible if he is not at fault.

There was an injury report of a child falling off a swing at a city park. Boys had been warned previously by the recreation director to stop jumping off swings. A recommendation was made that if children refuse to obey playground rules, they be told to stay out of the park. Mr. Brown will contact Mr. Van Nest regarding this.

The incentive program was again discussed. Mr. Brown had six reports from cities and industrial companies but is still awaiting more. Copies of the reports on hand are to be made and distributed to members of the committee for their review and will be discussed at the next meeting.

As soon as an incentive program is decided upon the committee will present same to the council for their approval and at the same time make them aware of what the Safety Committee is trying to do.

CARE Parcels Sent Overseas Benefit Needy

Sixty-six pounds of food and three school kits are being sent overseas as a gift of the Casualettes through their recent donation to CARE, the non-profit, overseas relief agency. From national agricultural stockpiles, the U. S. Government has allocated to CARE milk powder, cornmeal and flour which is packed in 22-pound CARE Food Crusade boxes for overseas distribution, reports Michael C. Phillips, Regional CARE Director. These packages are delivered in the names of the American donors and carry messages of friendship and good will.

CARE School Kits consist of such items as scissors, composition books, pencils, crayons, pencil sharpener and paint box, Phillips said. Many children overseas don't even have enough pencils and paper to go around a classroom, he added. Further information on CARE programs may be obtained from the Regional CARE office, 444 Market street, San Francisco.

Let Grandpa
HEAR Again!

What a blessing to hear the voices of little children and your loved ones. For most people who suffer a hearing loss a hearing aid properly fitted will open a complete new world of happiness once again.

Here's important information for the hard-of-hearing. Don't you wonder, with all the claims made today by the manufacturers of hearing aids, what the real facts are? Now you can have a free booklet titled "True Facts About Hearing Aids." This is put out by world-famous Tonemaster—manufacturer of superior quality hearing aids. In the booklet is no double talk—just plain, common-sense language telling what actually can be done for the hard-of-hearing to let you enjoy life more. Take the first step to see for yourself what hearing aids can or cannot do for you. Write today.

LAST OF THE RED HOT CLIPPERS GONE

By Lou Lucia

Getting clipped is quite an experience, especially when you have to pay for it. This is merely a way of saying you locale barbers are going to soak you 25 cents more for running their fingers, combs, scissors and other foreign matter through your hair.

Woe begone to the males who, as sure as your Irish red hair, take time to browse in the barber shop. Reading those magazines while waiting to pay \$1.75 was well worth the price but now that the price is gone up a quarter we look for more interesting magazines.

Now, mind ye, we're not complaining. The barbers may be perfectly justified in shearing off more of those tiny hairs that go down your neck and are found in your socks when you're ready to go to bed.

We took time to count each little hair that was cut and

came up with 5,960. (Later, we found 40 more of variable sizes in our cigarette carrying pocket). The barber complied with our request to save them in case we should lose our hair to baldness and need a perfect match later on.

Kids will not longer squawk at getting the top of their head skimmed. A mother will patiently sit by with watchful eye and curses on the youngster that yelps. "Don't you realize I'm paying an extra 25 cents," she'll exclaim.

And through it all the Elvis Presley set with the patent leather-soap saddle gleam to their shaggy heads will laugh.

Yes, with tearful eye, (a hair dropped in to see how our iris was doing), we will remember the day of the \$1.75 haircut. Errrrr, haircut.

With the additional quarter the barber can take more time so... the last of the Red Hot Clippers is gone.

SAN MATEO COUNTY HAS LOW CRIME RATE; DC'S DROPS

San Mateo county had the fewest number of felonies (66) per 100,000 population during the past year, according to State Attorney General Stanley Mosk's 146 page statistical summation of crime in California during 1958.

Mosk said that counties with consistently low rates during the last six years included San Mateo, Marin, Contra Costa, Sonoma and Solano.

Daly City Police Chief Roland Petrocchi said there were no definite means of pinpointing the causes for less crimes in San Mateo county but stated, "Cities in the county are fairly closely connected and the co-operation between cities and police departments is very good."

"People are demanding better protection from their city councils and getting it from the police departments in this county."

The sheriff's office led in the number of arrests with 199, followed by San Mateo with 113 and Redwood City with 69. Other totals were: Atherton, 1;

Belmont, 11; Broadmoor police district, 5; Daly City, 34; Hillsborough, 21; Menlo Park, 27; Millbrae, 11; San Bruno, 32; San Carlos, 20; and South San Francisco, 18.

The 34 adult arrests in Daly City were slightly below the totals of the previous two years: 41 in 1956 and 38 in 1957. All felonies, misdemeanor and juvenile cases for the past three years in Daly City read as follows: 1956-622, 1957-738; 1958-580.

A breakdown of the adult crimes for the 1957-1958 year as given by the Daly City police department are: Criminal homicide, 1; rape, 3; robbery, 7; aggravated assault, 2; burglary, 113; grand theft, 203; petty theft, 358. Total number is 687.

For the 1958-1959 year the same statistics read: Criminal homicide, 0; rape, 4; robbery, 7; aggravated assault, 7; burglary, 89; grand theft, 134; petty theft, 299. Total number is 540.

New Elementary Superintendent Lives Education

Richard LeRoy Foster thinks of education first, quickly and accurately when a question arises.

Asked what the new superintendent of the Jefferson Elementary School District thought of Daly City he shot back, "There are a lot of homes and many children."

Foster assumed duties on July 1, taking over the reins formerly held by H. Z. Weibel for eight years.

"The largest problem here is the vast growth of the population and maintaining full day facilities for all children attending school," he said, adding, "We also have trouble in supplying enough teachers and holding them in the district because of the large demand for teachers."

"With the three new schools due by February we should be in a good enough position to accommodate all the youngsters," he commented. "I am optimistic for the future of elementary education here," he continued.

Foster, 41, is currently living in Marin with his wife Adeine and 10-year-old son Robert. The Foster family will move to Daly City some time in the future depending on what arrangements can be made for the brand new home they bought in Marin in November.

The new superintendent was a seaman in the Navy and, as an indication of his take charge leadership, received an on-the-spot commission to the rank of lieutenant during the North African invasion. He was in the service as a radioman and spent three years of that time as an officer.

His latest supervisory position was that of Assistant Superintendent of Educational Services for the Marin county schools. He has taught "Elementary Curriculum and Supervision for Teachers" in graduate schools for three years as a part-time instructor. He has instructed students at San Francisco State University of California and UCLA.

"Whether I stay in San Francisco State as an assistant professor depends on that school's needs and my own schedule," Foster said. He attended Macalester College in St. Paul, Minnesota, where he received his B.A. and did graduate work and was awarded his teaching credential at the University of Minnesota.

Foster received his master's degree at UCLA and taught in the Santa Monica and Santa Ana areas from 1946 through 1956. He enjoys the outdoor sports of swimming and tennis, along with reading.

Richard Foster, new superintendent of the Jefferson Elementary School District, thinks mainly of education. Foster showed his command ability by rising from seaman to lieutenant in the Navy. He is now tackling the problem of supervising the schooling of 7500 youngsters in the district.

Census Bureau Lists 38,629 In Daly City
A. Ross Eckler, acting director of the Census Bureau, sent a letter to the Daly City Council stating the special census of June 17 enumerated 38,629 people living in Daly City.

The breakdown listed 19,127 males, 19,502 females. Of the 38,629 persons, 37,841 are white with 18,733 males and 19,108 females. The 788 non-whites consist of 394 males and an equal number of females.

In addition to the listing, the bureau asked for \$123.43 more to be added to the advance of \$1,810. The council approved the paying of the bill.

Electric blue... emerald green... ruby red... as brilliant as the peacock out of which the models stepped was the fashion show telecast by KRON-TV and presented by the S. F. Fashion Industries last week over the NBC network. Particularly effective on television was the locale of the show, beautiful Union Square with the waving green palms, and clang of cable cars in the distance.

A remote, "live" colorcast is a gigantic undertaking, and the press was given an insight into the many problems at a color seminar held prior to the telecast at KRON's studios. Station Manager Al Constant said their crew had been working for three days setting up for the telecast.

From Hollywood was NBC's Mobile color unit, which is an extremely complicated piece of electronic equipment in a big bus. Technically the colorcast went very well.

Also we feel the musical background was not in keeping with the feeling of the telecast. Generally, however, it was colored television at its best, and we do hope we will be seeing more fashion shows in "living color."

It seems the networks are just beginning to discover San Francisco, and frankly we feel it is about time. We certainly feel more network shows should originate here. Scheduled for the Bay Area is the Dick Clark show which will originate from Fisherman's Wharf on September 5 over AEC, KGO-TV at 7:30 p.m. Show will be pre-taped on Au-

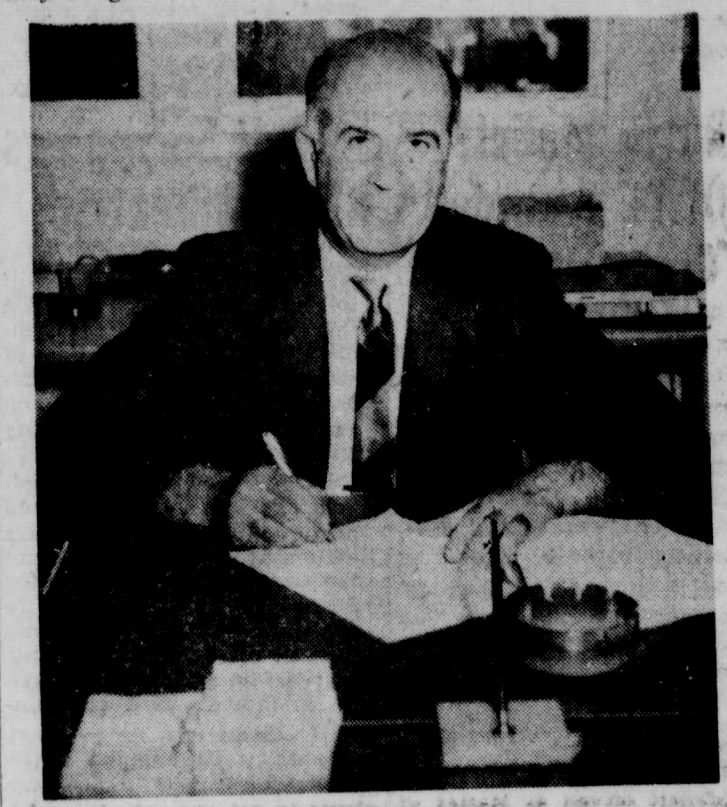

tember.

DC Scouts Learn At Camp Royaneh Summer Program

More than 200 Boy Scouts from the Daly City area are enjoying camping this summer at Camp Royaneh, the San Francisco Boy Scout Council's 250-acre summer camp, located 85 miles north of San Francisco, near Cazadero.

The Scouts and their adult volunteer leaders are making use of the finest facilities of any Scout camp in the country, including a modern 100-foot-long L-shaped swimming pool, a canoe base, archery and marksmanship ranges, the Diamond R Corral complete with 30 saddle horses, Troop campsites where Troops can camp under their own leadership, and many other special features which provide opportunity for Scout advancement.

In addition, the Scouts take part in traditional campfire programs, day and overnight hikes, bird hikes and retreat ceremonies. They receive instructions in archery, astronomy, bird study, canoeing, first aid, forestry, horsemanship, Indian lore, marksmanship, nature, personal fitness, pioneering, reptile study, signaling, conservation, weather and many other subjects.

Troops and their leaders attending from the Daly City area include Troop 444, sponsored by the Daly City Rotary Club, Scoutmaster A. W. Elston, 35 Ocean Grove, D.C., assisted by Peter Conci, 1316 Sweetwood, Colma; Troop 63, sponsored by the Westlake Olympic PTA, with Scoutmaster Richard Merritt, 78 Fairview, D.C., Eugene P. Cooper, 48 Lakemont, D.C., and Arthur H. Craner, 95 Clifton, D.C.

Troop 65, sponsored by the Daly City Fire Dept., with Scoutmaster Walter McDowell, 279 Bartlett, San Francisco; Troop 184, sponsored by the Sterling Park Community Association, with Scoutmaster Walter S. Letcavage, 492 "C" St., Colma; Troop 243, sponsored by the Mens Club of Our Lady of Perpetual Help Catholic Church, with Joel C. Cook, 1666 47th Ave., San Francisco, Edward Ciabattari, 242 Irvington, D.C., and Aubrey Hammock, 578 San Diego Ave., D.C.

Troop 248, sponsored by Westlake Improvement Association, with Scoutmaster Lester Jasповice, 171 Wilshire Ave., D.C., assisted by Richard Lee Davis, 105 Glenwood, D.C., and William Pengra, 147 Glenwood, D.C.; and Troop 343, sponsored by the Westlake American Legion, with Scoutmaster George Clapper, 3 Belmont Drive, D.C., John Ednoff, 56 Belmont Dr., D.C., Robert R. Woods, 181 Wilshire, D.C. Howard I. Stites 34 Northgate, D.C., and Robert C. Hunter, 50 Chumassero Dr., San Francisco.

Almost five million vehicles were inspected at California's 18 border plant quarantine stations in 1958.

gust 29 with bleachers for 1000 persons set up at the wharf.

Already scheduled as a potential "Dance Party" participant in 1973 is Jennifer Ann Stewart, born July 2 to Mr. and Mrs. Dick Stewart. Proud papa is popular host on KPIX's "Dance Party" program.

Two coming programs that promise to be thought provoking television—"San Francisco—The Alcoholic City," documentary to be shown July 31, 8 p.m., KRON-TV, and "Doctor's News Conference" (Tuesday, August 4, 8 p.m., KTVU) covers the question "Is There a Case for Mercy Killing?"

PLANNING MUST BE UPDATED
In a fast-changing technological society, civil defense planning must be updated, according to the California Disaster Office. The radiological menace, says CDO, has changed radically within the past five years. Methods that worked five years ago are obsolete today.

May 29 was a day for something different why not plan a breakfast. Telephone UNCLE JOHN'S PAN-CAKE HOUSE (JU 9-2080) and arrange a party breakfast with such a delicious treat as fresh strawberry pancakes or date-nut waffles.

Have you investigated the new home delivery food service now available in the area by IMPERIAL FOOD SERVICE? This is one of the few home delivery services left for the convenience of local homeowners. Call PL 6-8208 and inquire about this service. You'll like it.

PACIFICA scores a first with its first class of Red Cross First Aid instructors. All are registered nurses except Ed Girdler, captain of the fire department.

DALY CITY'S G. K. H. Hanson, secretary of the Dawn Society, and his wife Anne, assistant secretary, hope to gain added revenue for the society through Christmas Seals sales during the month of October. The Dawn Society is a non-profit organization which obtains pledges of people's eyes, after death, and aids the Eye Hospital in funds for corneal transplant operation.

'Dawn Society' Pioneer Here Explains Program

By Lou Lucia

Welcome to the newest addition to the Westlake Shopping Center... WALGREEN DRUGSTORE which this week is celebrating their grand opening... spacious aisles... well-stocked shelves featuring over 80 departments... a most modern prescription case... be sure to notice the attractive wallpaper background featuring showglobes, the symbol of a drug store.

Celebrating too, is VERN'S located just a few doors down, who are celebrating their change of name (formerly Godfreys). With every purchase of one pint of their delicious ice cream only July 29, 30 or 31, they will give free dixie cups or frozen bananas.

Good buys too, at the semi-annual sale at LESLIE'S located in the Broadmoor shopping area. While there don't forget to look at their lovely Darlene mink lamb sweaters.

Horrors! A special party tonight, and your best party dress is soiled. Don't fret... drop by TWIN CLEANERS (6772 Mission) who have a special rush service, in at 1 p.m. and out at 5:30 p.m. P.S. Reminder, they are now open Mon. & Fri. nights 'til 9 p.m.

Planning on music lessons for your youngsters this fall? If you don't own a piano, stop by PALACE PIANO COMPANY (2555 Ocean Ave.) who must cut their stock of new pianos in half in order to move to a smaller store.

Soon to move too, into an attractive new store artistically decorated in grey tile and glass shelving is WESTLAKE FLOWER, but in the meantime they are carrying on their business in a temporary location just behind Walgreens.

Plenty of vacation days still ahead, and FRANKLINS have a good selection of sports clothes on special during their July clearance including pedal pushers, capris and knit tops.

Certainly with the new look of the year is the new 1960 Philco just in at PENINSULA T.V. COMPANY located at 6630 Mission.

If you are entertaining the girls, for something different why not plan a breakfast. Telephone UNCLE JOHN'S PAN-CAKE HOUSE (JU 9-2080) and arrange a party breakfast with such a delicious treat as fresh strawberry pancakes or date-nut waffles.

Have you investigated the new home delivery food service now available in the area by IMPERIAL FOOD SERVICE? This is one of the few home delivery services left for the convenience of local homeowners. Call PL 6-8208 and inquire about this service. You'll like it.

han, Yvonne Hall, Rosalee Ramirez, Margaret McDonagh and Mary Lou Kirin. Joseph Alamus of PG&E was one of the quist, Ed Girdler, Jane Vaug-

The Dawn Society, national eye bank with headquarters here, has been in existence for 20 years and G. K. H. Hanson and his wife Anne, 846 Bellevue avenue, Daly City, pioneered its ground floor planning stages.

So much so, that Hanson purchased his own printing press to send out releases and notices when the Society was still in its infant stages. He was one of the five men who thought of starting an eye bank after an Alameda woman donated her eyes.

Sponsored by The Grand Lodge of California, International Order of Good Templars, The Dawn Society started with a bank account of \$50. Since then the Society has spread to offices in India, Japan, and Schenectady, New York, which is under the auspices of the Lions Club there.

"We don't get the reports on all the eye transplants but I would estimate that more than 150 people have been helped by this method," Hanson stated.

"A couple of years ago we sent six shipments of eyes to Canada and five of the six were successfully transplanted. The eyes must be removed within six hours and transplanted within 48," Hanson said. He gave credit to the airlines for being considerate and cooperative in the venture.

Hanson, 66-years-old, works as a building contractor for his livelihood. The Society is a non-profit organization. He has lived here for the past seven years, previously having the national headquarters in Bayshore City.

The first eye bank was started in Bayshore City in 1939 with a second office in New York of 1946. Hanson marveled at the many improved practices and medical achievements which have occurred lately as being a big help.

"If the eyes aren't fit for use they are given to the University of California Hospital for study purposes," the secretary with the Swedish accent explained.

Hanson said a young man from Paris recently offered one of his eyes for sale as he needed the money. Hanson said, "We had to turn him down as it is against the law. Then too, a weakness would occur in the man's other eye and he might even ask for a transplant. We only accept posthumous donations."

Any person may accept help from the Dawn Society whether he is a member of The International Order of Good Templars or not, Hanson stressed.

A Dawn Society pamphlet put out by Hanson tells of the successful operation of Miss Maxine Steinitz, a study at Cleveland College. Miss Steinitz was entirely blind, studied by Braille and was awarded a degree with honors. Today, she sees the world through a man's eyes. Her vision was restored by the transplanting of a cornea from a man's eye to one of hers.

In cases of dire need, Mrs. Hanson replied, the Society will pay hospital expenses and operation costs. The society believes that an estimated 200,000 persons could receive aid through the society if the donations met the demand.

Dollars invested in U. S. Savings Bonds help your government hold down inflation in this time of heavy spending for defense. That helps protect the value of all the dollars you earn or save.

MISS Margaret Mary Watt and Rex Dietrich became man and wife in a June 27 ceremony at Grace Presbyterian Church. The bride came to the U.S. two years ago from Ireland. The couple are living at 1234 Brunswick street. APPLGATE STUDIO photo

ALTHOUGH THE NAME "YORKTOWN" on the York tank commemorates the British surrender in the American Revolution, these tough British Tommies training the U.S. 40th Armor in Berlin have no thought of surrender in the "Divided City."

Former Jeff High Student Pays Visit

Mrs. Donald Brouse, the former LaVonne Booth who attended Jefferson High here, and her four children will visit her family and friends in Brisbane during a six weeks vacation. She is now living in Ogdensburg, New York.

BOOKLET ON "FALLOUT"

"The Family Fallout Shelter," a new long-range public information booklet has been released for public distribution. San Franciscans can obtain a copy of the booklet by writing the Disaster Corps, 45 Hyde street, and request for "The Family Fallout Shelter (MP-15)."

SERVICE CLUBS TO COOPERATE

Lions International, with 6300 clubs and some 590,000 members, Kiwanis Clubs, totalling 4300 clubs and some 200,000 members, have pledged to cooperate and actively participate in local area civil defense activities.

WILL STAY INDEPENDENT

Temple Judea Membership Votes To Remain Reform Congregation

Congregation Judea today announced that following its board of trustees meeting last week, it was unanimously voted that Congregation Judea remain an independent Reform Congregation, and that all discussions regarding any possibility of a merger with any other congregation be terminated.

Plans are now under way to raise sufficient funds for the commencement of Temple Judea's building program on Brotherhood Way where the congregation has four acres. It is of interest to note that this is the first and only Reform Congregation to be organized in San Francisco in over 100 years. The congregation is now composed of approximately 270 families and has more than 300 children in its Religious School.

According to Rabbi Irving F. Reichert, High Holy Day services will be held at the First Unitarian Church, Geary and Franklin streets. Rabbi Reichert and Canto Wachter will officiate, assisted by an augmented choir and accompanied by an organ. Members of the San Francisco Symphony will add to the significant music of

the service. Due to the limited space, it is strongly urged that all who plan to attend this service contact the Temple office, PL 5-9463, while seats are still available.

Electrical Exhibit At SM Fair Is Joint Effort Of Union, Industry

A complete home workshop and the newest in heating and air conditioning equipment—all electrical—are being added to the largest industrial exhibit at the San Mateo County Fiesta, which opens Friday, July 31.

The Electrical Construction Industry of San Mateo County already has installed an all-electric kitchen in its display in the Home and Industry Building. The kitchen will be in operation during the Fair's 10-day run, then will be given away in a free-for-all drawing. The exhibit is a joint effort of the Electrical Contractors Association of the Peninsula and International Brotherhood of Electrical Workers Local Union 617, working together through the Electrical Industry Fund.

PARENTS ENJOY FAMILY NIGHTS

Daly City Department of Parks and Recreation announces that the recently held Family Nights proved a success. Parents enjoyed the chance to exercise their muscles.

Activities included ping pong, softball, kickball, volleyball. Refreshments ended the evening of fun.

At Jefferson Elementary, Mrs. Dorothy Themoleas, and Mr. and Mrs. Frank Hanly were the adult stars of the volleyball game.

Westmoor's attendance totaled over 150 participants. Some of the children who brought their parents to family night were Donna Nasser, Robin Draper, Lynn St. Clair, Karen Doivon, Steve Sunsevi, Bruce Hix and Charles Dake.

Vista Mar's family night attracted many parents. Participants entered 17 cakes in the Cake-Bake contest. The number of beans in the jar also was a highlight at Vista Mar.

The War Memorial hosted 20 parents at their family night. Mr. and Mrs. Senkir proved to be good volleyball players. Mrs. Calegari was the victor on the ping pong table.

Judging from comments, the parents who attended the Family Nights at the various playgrounds enjoyed participating in the various activities. Thanks is extended to all the parents who attended and special thanks to those who assisted and donated refreshments.

Home Accidents Kill 27,000 Yearly, Report Reveals

Be it ever so humble, there's no place like home—despite the accident statistics.

The statistics might make you wonder about "home, sweet home." The San Francisco Chapter, National Safety Council points out that:

1—Home accidents kill more children 1-4 years of age than any disease.

2—Home falls take 12,000 lives a year.

3—Home fires and other burns take the lives of 5,500 persons annually.

4—Accidental poisoning in the home claims 1,000 victims a year.

"Home accidents kill 27,000 persons a year and injure more than four million. In view of these facts," the Council says, "you may well be concerned with the safety of your home."

A hazard-free home, the Council says, results from practicing the safe way of doing things. You'll soon do them automatically.

Here are some danger signals to watch out for in the home:

1—Water or grease on the floor.

2—An unlighted stair, or toys and boxes piled on said steps.

3—Oily rags or papers left in a corner of the basement.

4—Dull knives, which are dangerous because they force the user to apply too much pressure, and because most people don't have the proper respect for them.

5—Pots on the stove, the handles turned out for little hands to grab.

6—Rubbing alcohol, candy-coated laxatives and aspirin left for small children to sample.

Tires, Wheels Taken From DC Car Lot

Tom McDonough, an employee of the Gateway Chevrolet Company, reported the 7400 Mission street lot was robbed of five tires and wheels from the cabs of pick-up trucks. Value of the stolen items was set at \$265.

McDonough, a Santa Clara resident, told Officer John Coleman that five wing glass windows were also broken. The damage was done between 10 p.m. Friday and 8 a.m. Saturday.

to a bad start and was the only non-finisher.

The Troop Committee is deeply grateful to Art and Lydia Ramos for their great work in organizing and directing the affair.

SEPARATE HOMESTEAD LAW PASSED

State Senator Richard Dolwig of San Mateo County said today it will now be possible for separated persons to establish separate homesteads.

The Redwood City senate said that was the result of Senate Bill 461, authored by him at the recent session of the legislature and signed July 11 by Governor Brown.

Prior to this bill, if one spouse selected a homestead out of his or her separate property, the other spouse was immediately given a homestead interest in the property, even though there is a separate maintenance or interlocutory divorce decree.

This bar in some cases made it impossible to finance improvements on the homestead since the homesteading spouse cannot mortgage the property without the other spouse's consent.

Under the Dolwig bill, spouse, who, after an interlocutory divorce or separate maintenance decree, wishes to establish a homestead out of separate property, may do so by filing a declaration in compliance with the bill.

Sick of Starching?

Sick and tired of that weekly starching chore? Use PERMA STARCH—just one starching lasts thru 8 to 15 washings. That's because PERMA STARCH doesn't wash out—even in bleach or hottest water. (Of course you can remove PERMA easy when you want to—the label tells how.)

Top row: Robert Talbert, Allen Greene, Michael Joseph, Gary Hunk, John Legge, James Fink, James Kohnke, Jack Troy.

WALGREEN'S NEW SELF-SERVICE DRUGSTORE HAS FABULOUS VARIETY FOR ALL THE FAMILY

Walgreen's new self-service drugstore in Daly City's Westlake Shopping Center is meeting an enthusiastic reception from local shoppers.

Featuring convenient self-service shopping, and ranking as one of the Bay Area's largest drugstores, it presents a fabulous variety of merchandise—all in sight, in reach.

Whether one drops in for ice cream or for stocking up on family health and home needs, customers find Walgreen's store designers have planned well to make shopping quick and easy. Automatic gates politely swing open when approached, handy basket-carts are in easy reach, clearly-identified departments are quick to find, and rapid-service check-out counters add the final touch of shopping convenience.

A breathtaking array of drugs presents thousands of different items on dramatic open display. Continuing along another side of the store is a fabulous display of toiletries and perfumes with a white-uniformed cosmetician on hand to help with information on makeup, treatment and fragrance lines for all ages from teens to the golden years.

Registered pharmacists, who staff the impressive prescription department, are also available for consultation on the vitamins and drugs nearby.

Browsing through the big new self-service departments, shoppers find a host of such family-living aids as lawn furniture, men's wash 'n wear dress shirts, outdoor TV antennas, house paints, and painting supplies, electrical appliances, and scores of other interesting, unusual items.

Trained sales people serve shoppers in the extensive cigar department, and in the self-service area, also, salespeople are available for guidance or advice.

A large and complete liquor department features a wide variety of distinguished names in fine wines and liquors, along with a large refrigerated beverage cabinet offering an extensive assortment of chilled beers. In addition, there's a complete variety of carbonated mixes and other popular party beverages.

ROBERT Markuse is assistant manager of Walgreen's new self-service drugstore, which had its formal opening Monday at Westlake Shopping Center. You name it — Walgreen's has it in stock.

The Australian tea tree was one of the first plants used in the early days to help harness the sand dunes of what is now San Francisco's Golden Gate Park.

Wonder Who Paid The Bill In Colorado?

Mrs. Servart Ojakian of Daly City, local publicist for Girl Scouts, today reported on the amount of food and supplies used at the recent national Girl Scout Roundup in Colorado.

The 10,000 girls and adult leaders used: 57,000 pounds of fish, meat and chicken, 34,300 loaves of bread, 65,000 bread rolls, 222,800 jelly pads, 3 1/2 tons of butter, 70,000 eggs, 339,000 pints of milk, 32,000 quarts of milk for cooking, 10,000 cans of soup, 15 tons of fruit, 3 tons of sugar, 1 1/2 tons of salt, one-quarter ton of cat-sup, one-quarter ton of relish, 7 1/2 tons of paper bags, 80,000 paper plates, and 50,000 paper napkins.

Former Missionary To Cuba To Preach At Westlake Church

The Rev. Warren Moore, a former missionary in Cuba, will preach in the morning 11 o'clock service and the evening 7:30 vespers this Sunday night at Westlake Community Baptist Church.

The Vacation Church School will be held August 17 to 23 for all boys and girls of the community through the junior age. Hand work, Bible stories, games and other projects will be on the schedule each morning at 9 o'clock.

This Thursday night Lester Burkhardt Johnson will lead the mid-week service followed by the choir rehearsal.

Grover Cleveland was the first President married in the White House.

MANAGER of Walgreen's giant self-service drugstore, newest Westlake Shopping Center addition, is registered pharmacist George Jeffers, a veteran of 18 years in the drugstore business.

Rose Gardens Open To Flower Fanciers

San Francisco Rose Society cordially invites the public, especially home gardeners, to visit the following gardens from 1 p.m. to 4 p.m. this Sunday: DeBenedetto, 650 Cayuga street; Hargrove, 107 Village Lane (Colma); Skau, 325 Colon avenue; Steffens, 1838 22nd avenue; Utter, 136 Westwood drive; Woods, 1766 23rd avenue. There is no admission fee.

Consulting Rosarians will be present to give practical information on growing roses and to distribute, without charge, a revised article by Al Stettler on home rose culture.

The striped bass is an inhabitant of coastal water, bays, estuaries and rivers.

BOY CARRIES LIVE 75 MM SHELL HERE

Robert Doiron, aged 8, 43 Carlton avenue, carried a live 75 mm shell in his wagon as he trudged across a lumber yard at Skyline boulevard and Westmoor avenue 10 a.m. Monday.

One of the clerks at the Doelger office spotted the boy and told police that the shell looked like a live one. A carpenter at the scene made an incision in the shell and took a small amount of powder from it. The powder was placed on a rock and burned.

There was more caked powder left in the shell so it was turned over to an Army Ordnance disposal unit. The boy said a neighbor had given him the shell a couple of days earlier.

Officer Ralph Terry contacted James A. Busa, 52, 14 Carlton avenue, who said he gave the boy the shell for helping him put lights on his trailer. Busa said he apparently mistook the phosphorous powder for corrosion.

He told the boy to ask his mother if he could keep the shell. The boy returned a few minutes later and said "yes." Busa was reprimanded for giving the boy the shell. Asked if he had any other shells Busa replied he had a bazooka rocket.

It was dismantled completely and found to be safe. He was allowed to keep the rocket as a souvenir.

AUTO PRODUCTION

The United States automotive industry turned out 143 million passenger cars and 32 million trucks and buses in the period from 1896 to June 3, 1959, reports the National Automobile Club.

George Jeffers, Walgreen's Boss, Has 18 Years In Drugstore Field

George Jeffers, registered pharmacist, manager of Walgreen's new Daly City self-service drugstore, started his 18 years of drugstore experience as a stock man in Walgreen's Palo Alto store working part-time after high school hours.

He later advanced to drug apprentice and then attended the Idaho State College of Pharmacy under the Walgreen Employee Scholarship Program where he graduated with a bachelor of science degree in pharmacy. He became a registered pharmacist in Idaho and California, then, after extensive experience in his firm's Oakland and San Francisco stores, he was promoted to store manager in 1952 and most recently headed one of his firm's Sacramento drugstores before taking over his new post.

Proud dad of two children, family man Jeffers says: "We've certainly been happily impressed with the friendliness of Daly City folks. Our store's motto is 'Welcome to Walgreens,' but I must say this city has certainly matched it with its 'Welcome to Daly City.'"

Echoing Manager Jeffers' sentiments is assistant store manager Robert H. Markuse, R.Ph., also a Bay Area native. Markuse, a graduate of the University of California College of Pharmacy, was most recently a registered pharmacist at his firm's Stonestown Shopping Center drugstore. "From the friendly folks I've already met here," he says, "I know it's certainly going to be a pleasure giving this community the finest of drugstore service!"

'Jump For Joy' Dance Planned By Judea Kids

Temple Judea high school youth group (13 to 18 in ages) will present "Jump For Joy," a dance, on Wednesday night, August 5 from 8 to 12 p.m. at Temple Judea, 95 South Mayfair, Westlake. Admission to the dance will be nominal with a special rate for members of JOY.

JOY has many activities planned for the summer. Anyone interested in becoming a member may contact the Temple office, PL 5-9463, or the president of JOY, Ronald Klinger, PL 5-2173. Meetings and a social are held every Tuesday night at 8 p.m. in the Temple house.

The community is invited to attend Sabbath Eve services at Temple Judea. Services are followed by a social and reception and this is an excellent opportunity to meet other members of the congregation. This Friday evening Cantor Harold Wachter will officiate and will present a sermon of interest to all who attend. A regular feature of these services is congregational participation including a volunteer choir.

The Sisterhood of Temple Judea wishes to remind the community that its annual rummage drive is now in progress. All proceeds of the drive go to the support of the Religious School and anyone with anything useable or saleable is urged to call the Temple office.

SF State Five Schedules 24 Cage Contests

San Francisco State College will play 24 varsity basketball games during the 1959-1960 season, Director of Athletics Joe Verducci announced today.

The Gators will play nine games on their home court and 15 contests on the road.

Coach Paul Rundell, in his second season for the S. F. State, will have his quintets meeting such top teams as University of Santa Clara, University of San Francisco, San Jose State, Chapman College, San Diego State, 1957 and 1958 California Collegiate Athletic Association champion and last year's CCAA runnerup; San Diego Marines, California Poly of San Luis Obispo; San Fernando Valley State College, Southern Oregon College, Willamette University, and Whitier College.

During the Christmas holidays, the Gators will compete in the seventh annual Far Western Conference Invitational Tournament. Included in this year's tourney will be conference squads from Chico State, University of California at Davis, Humboldt State, Nevada, and Sacramento State. The S.F. State team has captured the FWC Invitational twice, in 1955 and last year.

Westmoor High Girl Wins Water Ski Race

Julie Romero, 15-year-old Westmoor High junior, captured first place and a trophy at the annual water ski races sponsored by the city of Lakewood at Clearlake, Sunday.

The daughter of Mr. and Mrs. Julio Romero, 41 Forest Grove drive, has been water skiing only one year and beat 15 other contestants to win laurels. Julie is going to try her luck again on Labor Day in another race.

Adult Softballer Loses No-Hit Tiff

Two teams remain undefeated in the Daly City Adult Softball League sponsored by the Department of Parks and Recreation.

Still maintaining an unblemished record are Daly City Druggists and William Lagomarsino & Company.

The Druggists showed no signs of any mid-season slump as they downed a Consolidated School team 21-2. It was just "one of those nights" when the pitchers couldn't seem to find the plate, as Daly City Druggists was issued 20 walks by three different Consolidated School pitchers. On the other hand, Barney Sherman pitched a two-hitter for the victors.

Wm. Lagomarsino & Company won its third straight game by defeating Baroni's 4-2. Jim Connelly pitched no-hit ball for Baroni's but was plagued by wildness the first inning and lost the ball game. William Lagomarsino's Company scored four runs on four walks and a hit batter. Baroni's collected seven scattered hits to score their two runs off Tom Gonzales.

Ralph's Cleaners remained in contention by defeating Sarto A.C. 5-2. Rich Watson, starting his first mound assignment, pitched two-hit ball for Ralph's. His teammates rapped Sarto "Chucker" Wayne Clay for seven hits to score their five runs. Dan Goodwin Roofing Company drew a bye.

Ludwigsen's Arm, Krohn's Hitting Pace Drugs Wins

Daly City Druggists scored five runs both Saturday and Sunday to beat the Hakoah Club, 5-2, and Meyers Millet, 5-4.

Bill Ludwigsen made his first start of the season a successful one by allowing only three hits in the Hakoah Club victory. Mike Roval and Bill Hix, with two hits apiece, were the leading hitters.

Barry Krohn supplied the clutch hit and George Claus some fine relief pitching to pace the Druggists in the Meyers Millet win.

Krohn slashed out a base hit in the eighth inning with the bases loaded to drive the winning marker across the plate. Larry Kane matched Krohn's two base hit performance. A vital single by Hix and Skip Crudo's safe slide contributed to the big eighth inning rally.

Terry Christman pitched smoothly for the Druggists but it was the Claus fireman stint which held the Millet team at bay.

The Druggists nine meet Moose Lodge at 10 a.m. Saturday at Balboa Park and Muncie's Realty at 2 p.m. Sunday at Marchbanks.

Westmoor Golfer Fails In Bid For Nationals

Bob Snyder, Westmoor High School's star golfer, missed qualifying for the National Junior Golf Championships by one stroke though firing a 79 at Lake Merced last week.

Snyder missed out in the Northern California qualifying round for the national tournament with three other Peninsula boys.

Don't Put All Blame On Washer Say Plumbers

Too often, when results from the automatic washer are not up to expectations, the tendency is to blame the washing machine or the detergent, when the fault may lie with the supply of hot water, according to Herbert H. Lauder, chairman of the San Mateo County Plumbing Industry organization.

The three fundamentals of a perfect hot water supply for perfect home laundering are: (1) right temperature; (2) right quality and (3) right quantity.

When washing results are below par, don't blame the washer or detergent until you check your water heater. Unless your water heater is truly modern, the temperature of the water fluctuates widely. Washing temperature is often far below that needed and generally so without the knowledge of the homeowner.

Washing results under these conditions are poor. The washer or the detergent may get the blame when the real fault is with the water heater, declared the plumbing official.

For best results with over 90 per cent of the family wash, you need a washing temperature of the tub of 160 degrees. Have any doubt whether water is delivering water at a temperature to the tub, a water thermometer so can check the water in the shing machine.

Franklin Wins Junior Olympics

Benjamin Franklin retained the championship spot, scoring a total of 116 points. Garden Village and Westmoor High shared second place honors each with 73 points. Third place position went to Westlake School with 25 points. Westlake Park scored 19 points to receive fourth place honors, Olympia School 12 points for fifth spot, and Vista Mar four points for sixth place.

PENINSULA SWIM STAR FEATURED ON RADIO SHOW

Sensational Ted Stickles, one of the world's leading swimmers and a high school student at Hillsdale, visits the Warren Wynkoop radio show this Saturday (5-6 p.m.) on KOFY (1050).

Stickles has come within one second of the existing 200 yard medley record and took a second in this event at the National AAU championships at Fremont Hills.

Another swimming star, Peninsula League record holder in both sprints, Don Daly, formerly of Capuchino, will also be on the show.

In addition to the two young Peninsula stars, Wynkoop will

Skateland Party Set For August 7

Next Friday, the Daly City Department of Parks and Recreation will hold their annual roller skating party to Skateland at the beach.

Participation in this event is restricted to children 8 years and over. The cost will be 75c. This price includes admission, rental of shoe skates, and transportation.

After skating the youngsters will visit Playland at the Beach. Participants are requested to bring spending money if they wish to take the concession rides and go to the funhouse.

Recreation leaders are now issuing permit forms. Interested participants should obtain their permission slips as soon as possible. All slips must be returned by 12 Noon, Wednesday, August 5, to the playgrounds.

2 New Coaches For SF State Sports Staff

Walter V. Hanson will be San Francisco State College's new swimming and water polo coach and Glenn G. Wilson has been named the college's new gymnastic coach, Dr. Glenn S. Dumke, president of San Francisco State College, announced today.

Hanson replaces William Phillips who has returned to the University of California at Berkeley to complete work on his doctorate degree in education. Wilson takes over Richard Smith's post. Smith is at the University of Oregon working on his doctorate in Education.

Wilson during the past year has been the University of Illinois assistant gymnastic coach. The Illinois won the 1959 Big Ten gymnastic championship for the tenth consecutive year and were the runner-up in the NCAA finals this Spring.

Wilson's record as a gymnastic performer has placed him among the top trampoline stars in NCAA and AAU history. The 23-year-old coach won the 1958 National AAU trampoline championship and in 1957 captured the NCAA trampoline crown. He was the captain for one year and the Most Valuable player for two years on the Western Illinois University gymnastic team.

He received his B.S. degree in physical education from Western Illinois University in 1958 and completed his graduate study for the M. S. degree at University of Illinois this year.

Hanson returns to the Bay Area from New York where he has been connected with the Queens Youth, City College of New York, and Sarah Lawrence College (Bronxville) swimming programs.

From 1953 through 1957 Hanson coached and played on the Arden Hills swimming and water polo teams of Sacramento. He was voted to the Northern California All-Water Polo League squad for three years and received a Helms Athletic Award.

Hanson has been working on his doctorate in education at Columbia University since his graduation from Sacramento State College in 1957. The 26-year-old coach is a member of Phi Delta Kappa, an honorary fraternity in education.

give a review on teenage sports which have taken place on the Peninsula throughout the week.

Westlake Bowler

Frank Piazza Misses High Game Try By 5

By Leon Cohn

The majority of bowlers do not realize the importance of getting good counts whenever they have a double or a spare to work on. Usually it is when the bowler has a double that the tension of going for the third strike shows up. Or in trying to avoid this tightness the delivery becomes sloppy. A haphazard effort is the result. Either way could be the cause of losing enough pins to keep the bowler from having the high game of the league.

Take the case of Frank Piazza. Rolling on Swanson's Westlake lanes for the New Mission Market, Frank had a 250 game. This was five sticks short of Manny Frediani's 255 game. Frediani bowls for the Kokos Realty in the same league.

Frank had the opportunity to surpass the high game. But two bad counts, five on a double and six on a spare did not help him in his effort to take the high game honors away from Frediani.

In the "500" scratch mixed trio loop, Bob Elliot found the Westlake lanes, 25 and 26, a soft pair. Bowling for Cassini's Appliances, Bob put together games of 235-203-237 and 196 for an 871 series. This ties Primo Liberator's mark set two weeks ago. Don Molteni, of the Acton Insurance Co., had 801 for his four games. All the ladies in the league had an off night.

The word is out in the 825 Scratch league. "Don't be on

top when the position round is played." The Westlake Liquor five were the first to get the heave ho. And now the current leaders, Pinelake Market took it on the chin from the V.F.W. aggregation, a 2 to 1 loss. Thrift Food and Westlake Liquors also gained ground. The former winning 2 from Cecil Whitebone as the liquor quintet whitewashed Charley's Grocery.

Individual honors went to Bob Laube with his 590 series. Warren Benson had 575, Jim McGuirk 574, Willie Hoze 571 and Walt Kotowicz 570.

Ten Pin Chatter . . . Being away for awhile didn't affect Gusie Loscutt . . . had a 514 series in the Evening Stars loop . . . A good bowler can use any bowling ball . . . Rose Oster, whose bowling ball is being repaired, picked up a house ball and rolled 471 for three games . . . enough to have daughters Bobbie and Shirley say such . . . Lois Trimble doesn't want her second game mentioned . . . had a 489 . . . Eleanor Mathews hit for 504 . . . Flo Bertsch, 490 . . . and Rita Goodwin a 475 series.

A 221 game helped Harry Shank to rack up a 576 series for the T and D Quality Meats . . . Fred Plowman came through with one of his best, 574 . . . Ron Ingram carries a 142 average and bowls for the Jugglers . . . But who juggled Ron so that he rolled a 567 series?

Sunday nights the Westlake

Wedlocks take over . . . you know, a husband and wife combination . . . what happens when the discussion about their bowling is done outside we will never know . . . The top lady last Sunday was Betty Switzer . . . a 206 game and a 497 series . . . John Mila had the high series, 574 . . . Mario Smare had the high game for the men, a 203.

Pat Chessman, pardon me, mean Pat Macias had a triple rate 87 . . . That's tougher than a 700 series . . . Ver Nelson, of the Colonial Savings and Loan, had a goodie . . . bowled games of 191-225-26 for a 624.

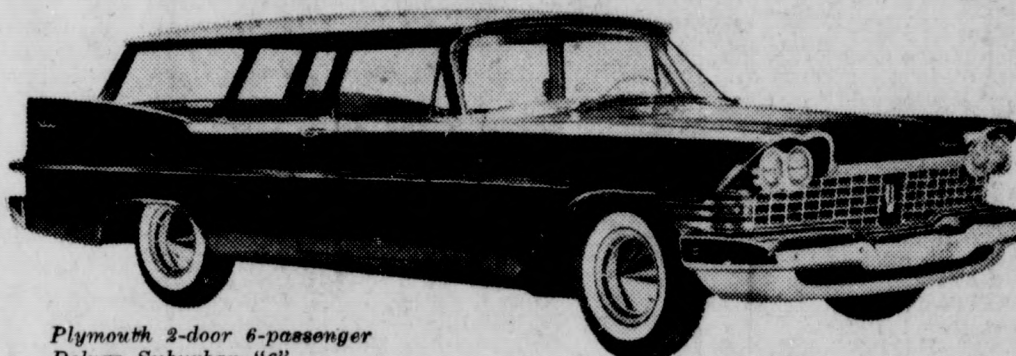

Roval Injured In Drugs Win

Mike Roval, Jeff High freshman, was injured in Sunday Daly City Druggists contest with the Meyer-Millet nine and was operated on at St. Mary's Hospital Sunday night.

Lowell Creighton, manager of the Druggists team, said Roval is recovering and will be in the hospital for 10 days. His hospitalization was caused by a head injury when he and the short stop collided near second base.

Roval has been playing under Creighton for the past five years. He lives at 120 V street. Creighton says his team will miss the "scrappy" performer.

STAR Scout Tim Tweedie is congratulated on receiving the Boy Scout "God and Country" Award which he is seen wearing on his left shirt pocket. Left to right are Larry Enright, Assistant Scout Executive of the San Mateo County Council; John Pickens, Tim's Scoutmaster of Troop 259, Broadmoor; and Tim's father, the Rev. Herbert Tweedie, pastor of the Broadmoor Presbyterian Church. The adults worked with Tim on this award over the past year. This churchmanship award in scouting requires active participation in the church and its youth groups, memorization of

scripture, personal Christian living and leadership, the undertaking of six service projects, attendance at church camps and conventions, and understanding of the doctrine, history and world-wide work of the church. Tim appeared before his church board and a county board of scout review. He is the first scout in seven years in this area to receive this award. It is hoped that other scouts will achieve this award through their church in implementation of the boy scout oath which begins: "On my honor I will do my best to do my duty to God and to my country."
